INTRODUCING CARDINIA CULTURE CENTRE

Just Round The Corner From Potters Northside.

Just a short six-minute drive away, future residents of Potters Northside will be able to experience an array of musical, theatre and comedy performances for the whole family at the Cardinia Culture Centre.

The Cardinia Culture Centre is a modern, multi-functional space located on Lakeside Boulevard in Pakenham. Whether you are looking for a night at the theatre or something fun for the kids during the school holidays, Cardinia Culture Centre has it all.

Coming up this month:

Strassman's "iTedE"

Join us for an evening of side-splitting comedy and riotous antics from Ted E. Bare and the malicious Chuck Wood. Heralded as the artist who "made ventriloquism hip again", Strasso's characters are a renegade band of puppets you wouldn't want to meet on a dark night. These characters really come to life. It's guaranteed to be the best night out you will have in a long time!

An intimate evening with David Hobson

Tenor and composer David Hobson is one of Australia's best known operatic and recording artists. An Intimate Evening with David Hobson highlights a collection of arias and songs from his diverse career and spans the genres of Opera, Music Theatre and Contemporary repertoire. Together with talented pianist and guitarist David Cameron, this promises to be an entertaining evening of music making.
